Dusty trailed a different machine and it worked fabulously. Have networked with a Rural P&C who has shared some insights into positive fundraising strategies and had put forward that fairy floss was highly successful for them.<ul style="list-style-type: none">Idea has support from all attending members			

<ul style="list-style-type: none"> - Discussed success of the popcorn and sno cone machines at events but again highlighted challenges with being able to run all of these items without volunteer support • Candice proposed networking with the YMCA to help with out with breakfast club. They will provide all food, however we need to be able to have volunteers available minimum three days a week. We discussed this being the most difficult aspect of this project getting up and running. The idea has support from the members tonight and we all agree this would be a fabulous collaboration. Sue mentioned the tuckshop tender has been approved and there may be opportunity for them to also provide this service. • End of year P & C gathering proposed. • Suggestion put forward to design a P&C information pack for new families, some photos of past events, information about meetings and where to find our Facebook page and website- Katie Scanlon and Tiffany Forno to spearhead this • Lauren and Mark Rowe paused to reflect and offer gratitude to all the hard work the P and C has done this year to continue to build and grow. This notion was reiterated among the members. We then discussed some challenges we have faced; in particular gathering volunteers to help run events and hearing of some negative talk among the community surrounding the culture of the P & C. Again focus was on changing this perception within the school community to encourage parents and families to come along to meetings and volunteer at events to see our P & C in action.
